McSHANE CONSTRUCTION AWARDED 586-SPACE, MULTI-TIERED PARKING DECK AT RANDHURST VILLAGE MIXED-USE REDEVELOPMENT

*(Developer Casto Lifestyle Properties Selects McShane
Construction for Multiple Assignments in Mount Prospect, Illinois)*

(Rosemont, Illinois) – Jeffrey A. Raday, President of McShane Construction Company, is pleased to announce the recent award of the three-story, 586-space parking structure, on behalf of developer Casto Lifestyle Properties. The new construction assignment is located at Randhurst Village in Mount Prospect, Illinois, a 100-acre, mixed-use redevelopment project of the former Randhurst Mall that will feature retail, dining, entertainment and hospitality components.

The exterior of the garage will utilize a combination of precast concrete and architectural screen materials to blend seamlessly with the new state-of-the-art 14-screen AMC cinema. The design will be highlighted by two glass elevators enclosed in a single glass tower element, providing garage users with convenient access to the mixed-use facilities. In addition to serving

the adjacent theater attendees, this parking facility will also support visitors throughout the entire Randhurst Village development.

“Randhurst Village will serve as a true retail, dining and entertainment destination upon its completion. The new aesthetically-integrated parking structure will provide convenient and easily accessible parking for visitors and will add to the benefits already enjoyed within this popular destination,” remarks Raday.

Additionally, McShane Construction is completing a 120-room Hampton Inn & Suites at the Randhurst Village, also on behalf of master developer, Casto Lifestyle Properties. The dynamic Randhurst Village redevelopment will feature well known retailers and restaurants, such as Carson Pirie Scott, Bed Bath & Beyond, Costco, Home Depot, Jewel-Osco, Borders, The Sports Authority, Old Navy, Buffalo Wild Wings and Steak 'n Shake, among others.

The new parking structure is scheduled for completion by McShane Construction in Spring 2011.
