McSHANE CONSTRUCTION REACHES SIGNIFICANT MILESTONES AT CVS/PHARMACY RETAIL STORE ASSIGNMENT

*(New Single-Story, 13,255 S.F. Facility Under
Construction on Behalf of CDI Development in Olathe, Kansas)*

(Auburn, Alabama) - Scott J. Hoppa, Vice President of McShane Construction

Company's Southeast Region, is pleased to announce that McShane Construction Company has reached significant construction milestones at the 13,255 square foot CVS/pharmacy located in Olathe, Kansas. The firm broke ground in September 2009 on the retail store that is under construction on behalf of developer, CDI Development.

McShane Construction has completed the steel framing and structural masonry of the facility. Roofing and metal stud framing of the building's exterior are currently underway. The exterior will also feature an attractive masonry finish containing simulated stone accents and an exterior insulated finishing system (EIFS).

The interior will offer retail space and an L-shaped walk-in cooler, in addition to a fully-operational pharmacy featuring a convenient customer drive-thru.

(MORE)

“This project is certain to provide a well-located enhancement to the growing community of Olathe. Despite delays caused by inclement weather, McShane Construction is tracking toward an on-time completion of July 2010 for this well-known retailer,” remarks Hoppa.

The CVS/pharmacy combination of healthcare services and product offerings enables the retailer to provide solutions that impact everything from pharmacy plan design to the ultimate delivery of products and services to customers. CVS/pharmacy is looked upon as an industry leader in clinical and health management programs, specialty pharmacy expertise, retail clinics and customer service.

Cedarwood Architectural, Inc. is providing the architectural services for this new retail assignment.

About McShane Construction Company

McShane Construction Company was established in 1984 and is headquartered in Rosemont, Illinois with a southeast regional office in Auburn, Alabama and western regional offices in Phoenix, Arizona and Irvine, California.
