McSHANE CONSTRUCTION COMPLETES CVS/PHARMACY ASSIGNMENT FOR CDI DEVELOPMENT IN OLATHE, KANSAS

*(Grand Opening Celebration Conducted for
New Single-Story, 13,255 S.F. CVS/pharmacy Store)*

(Auburn, Alabama) - Scott J. Hoppa, Vice President of McShane Construction Company's Southeast Region, is pleased to announce that McShane Construction Company recently completed the 13,255 square foot CVS/pharmacy retail store assignment located in Olathe, Kansas on behalf of developer, CDI Development. McShane began construction in September 2009 and recently celebrated the Grand Opening of the CVS/pharmacy retail store on June 27, 2010, providing an on-time completion to the developer. The event was attended by the development, design and construction teams, in addition to local dignitaries, business owners and residents.

The store's architectural design remains consistent with existing CVS/pharmacy facilities, carrying forward the familiar brand identity and recognizable retailer into this growing neighborhood. McShane constructed the retail facility of an attractive masonry finish featuring simulated stone accents and an exterior insulated finishing system (EIFS). The interior of the

(MORE)

store offers retail space and an L-shaped walk-in cooler, in addition to a fully-operational pharmacy featuring a convenient customer drive-thru.

“McShane Construction completed this assignment ahead of schedule, despite unexpected weather conditions to provide an on-time completion for this popular retail establishment. We look forward to the opportunity for future construction assignments in collaboration with CDI Development,” remarks Hoppa.

The CVS/pharmacy format combining healthcare services and product offerings enables the retailer to provide solutions that impact everything from pharmacy plan design to the ultimate delivery of products and services to customers. CVS/pharmacy is looked upon as an industry leader in clinical and health management programs, specialty pharmacy expertise, retail clinics and customer service.

Cedarwood Architectural, Inc. provided the architectural services for this new retail assignment.

About McShane Construction Company
